

Who we are

Since 2010, the **District Five Foundation for Educational Excellence** has been the philanthropic partner of School District Five of Lexington & Richland Counties. We help raise funds for teachers and students across School District Five.

Our mission is to enhance the educational experiences of School District Five of Lexington & Richland Counties by building awareness and raising funds to support the unmet needs of the students, teachers, and staff.

Funding priorities of the Foundation include instructional support for students & teachers, healthy initiatives, basic needs, and district unity.

Your donation helps provide the following:

Teacher Classroom Grants

These grants are competitive classroom grants awarded to teachers annually for projects unable to be funded through District budgets.

Snack Pack Food Program

In collaboration with local churches and organizations, this program provides food on weekends for students who might otherwise go hungry. More than 700 students receive support each school year.

Student Research Grants

We fund innovative projects in the biomedical, clean energy, aerospace, and environmental fields. Students who have received grant funding present and publish their research and have received awards and patents.

Yes! You can count on me!
